

# BIBLE Stories

Stories from the Bible are often taught to us in our youth. Individuals with dementia can find comfort in visiting these stories again from their past. Using the links provided, the full Bible Story is available for each craft to lead you into more meaningful discussions.

Depending on the progression of the dementia, your client may not be able to comprehend the full scope of the story and craft. The most important thing for them to know is that God loves them, they're not alone and that they are loved.

Just call the office to request the Bible Story craft kit you desire and we will gladly get it to you.

**A MOMENT IN TIME:  
LET'S LEARN, LAUGH, PLAY AND PRAY!**
